**Quote For Services Rendered By:**

Biopolymers Facility  
77 Avenue Louis Pasteur  
NRB 0088  
Boston, MA 02115

**Issued to:**

Bing Shui (shuibing)  
3 Blackfan Circle  
Boston, MA 02115

**Quote Itemization**

Description	Quantity	Price	Total
TapeStation Setup	2	\$15.72	\$31.44
TapeStation Sample	24	\$7.41	\$177.84
Illumina NextSeq 500 High Output Short (1 - 75 cycle) Set-Up Fee	1	\$2,167.13	\$2,167.13
Illumina NextSeq 500 High Output Short (1 - 75 cycle) Per Cycle Fee	75	\$0.00	\$0.00

**Total: \$2,376.41**

**NOT AN INVOICE - please pay the invoice issued upon completion of work.**

Samples and PO must be submitted on or before expiration date for these prices to be valid.

Price is per flow cell channel. Price includes services described above and calling of bases from raw image data. Further bioinformatics work such as genome-assembly, tag identification and analysis, etc. are available for an additional fee.

Please note: After completion of the services, a final invoice will be mailed that should be referenced for payment.
